

# Thank you for your interest in KNT Scholarship Programs.

Our goal is to meet as many students with financial or technology needs as possible. While we would love to help everyone who applies, limited aid and systems are available. An application is not a guarantee of a scholarship, nor does laptop donations include shipping and handling, warranties, or extra software.

## NOTES TO NOTE:

- The KNT Tuition Assistance and Laptop Donation applications are accepted all year round. However, all tuition assistance applications must be submitted 30 days prior to the program start date.
- Upon submitting your application, you will receive an email with your application information attached.
- If you are applying for multiple students, please submit a separate application for each participant.

## Things to keep in mind:

- Consider including a video link from your student explaining why they want to attend KNT. If applying for a laptop, explain how a laptop will benefit him/her, and anything else that you desire to add. Creativity is encouraged. Instructions on uploading a video to YouTube can be found [HERE](#).
- KNT awards limited scholarships based on financial need. In an effort to assist as many families as possible, therefore full scholarships are not likely.

- An application is not a guarantee of assistance.
- The non-refundable amount for each course you purchased will not be refunded, even if you do not receive a scholarship.
- Scholarship recipients are required to pay for additional services related to programs, like registration fees, early drop off, pick up, lunch, shipping and handling, and extra software.
